

Job Seeker Strategies

Four Tips to Job Searching in 2015

1. Set 1, 3 and 5 year goals for your career. Write them down and hold yourself accountable each quarter for moving in the right direction.
2. Review and quantify your achievements in 2014. Update your resume with them and [Post it on River Management Society](#) where employers will see it.
3. Sign up for at least one professional development opportunity or course to learn a skill that will make you better at your job.
4. [Create a job alert](#) on River Management Society to receive emails when the right jobs for you are posted.
